## *The Songs of Lee Ruth*

KOPN 89.5 FM  
30th Anniversary  
Benefit CD

To celebrate KOPN's 30th Anniversary, a very special recording project was created to honor the contribution of Lee Ruth to our local community radio station. "Everybody's Got Love: The Songs of Lee Ruth," is a two-disc collection of songs recorded by local musicians and far-away friends.

Also available is an exclusive data CD consisting of photos, lyrics, musician's notes about Lee Ruth and Lee's thoughts about the musicians and his songs.

Thank you for supporting your community radio station through this unique recording project.
